### Phase II Activation of the Heat Contingency Plan

Phase II actions of the California Heat Contingency Plan are taken as a result of the issuance of a Special Weather Statement by the National Weather Service predicting an Excessive Heat Warning for an Operational Area or power outages during warmer-than-normal weather conditions. Phase II of the Heat Contingency Plan has been activated from Saturday, 06/17/17, through Friday, 06/23/17, due to forecasts of dangerous and excessive heat.

- Per the National Weather Service (NWS):
  - An Excessive Heat Warning is in effect through **Friday** evening over much of the Sacramento and Central Valleys, and **Sunday** for portions of Southern California.
  - In addition to the Excessive Heat Warnings, Heat Advisories are in effect for surrounding areas with high temperatures forecast to range from 90 to 105 degrees across most inland areas with locally hotter temperatures possible.
  - Fire Weather Watch in effect for the eastern portion of Shasta/Trinity National Forest through the Northern Sacramento Valley from Wednesday afternoon through Thursday evening for high temperatures and winds with lower relative humidity in these areas.
  - Heat stress possible for livestock with limited relief from the heat overnight.
  - Area waterways are running very cold and fast, increasing risk for hypothermia and water rescues.
- Cal OES has created a page listing [Summer Heat Resources including a map of cooling centers around the state](http://www.caloes.ca.gov/ICESite/Pages/Summer-Heat-Resources.aspx), see link below.  
<http://www.caloes.ca.gov/ICESite/Pages/Summer-Heat-Resources.aspx>

### EMAC and Public Assistance - 2017 Winter Storms

Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.

### Cal OES INLAND REGION

#### **Flooding / Evacuations, Riverland Resort, Kingsburg, Tulare County**

On 06/18/17 at 1000 hours, Riverland Resort in Kingsburg, Tulare County experienced out-of bank flooding along a non-leveed area of the Kings River. Riverland Resort is a recreational park with cabins, apartments, RV sites and amenities available for rent. The flooding is a result of Pine Flat Reservoir releases increasing to 12,800 cfs through the end of June. Reservoir inflows and resulting releases are expected to peak Wednesday, 06/21/17.

- On Sunday 06/18/17, the Cal OES Inland Division Duty Officer (Cal OES IDO), requested mission tasking to provide sandbag assistance at the resort, the Cal OES Executive Duty Officer (Cal OES EDO) approved the mission, which has been closed as of Monday 06/19/17.
- The Flood Operation Center (FOC) is currently evaluating hydrologic conditions and will respond a Flood Flight Specialist on Tuesday 06/20/17.
- The Kings River Conservation District has initiated 24 hour monitoring of this area.

#### **Mandatory Evacuations:**

- On 06/19/17, Tulare County issued a mandatory evacuation order for the Riverland RV and Campground.
  - Approximately 300 people have been evacuated from the resort.

#### **Shelters:**

American Red Cross Shelter: Reedly High School, 740 W. North Ave, Reedly

#### **Road Closure:**

Per the Cal OES Law Duty Officer on Monday 06/19/17 at 2249 hours:

- Localized flooding only and only the resort has been impacted.
- No hard closures to any major roads.

#### **Single Rail Car Derailment, SPILL: 17-4351, Fresno, Fresno County**

On 06/19/17 at 2353 hours the California State Warning Center (CSWC) received a report from Union Pacific Rail Road (UPRR) advising that an empty single rail car (Non Hazardous Plaque) had derailed upright. There will be no delays.

- There was no hazardous release and no injuries to crew.
- Crews will respond in the morning to conduct re-railment operations.
- CSWC personnel performed notifications per SOP.

#### **Single Rail Car Derailment, SPILL: 17-4356, Roseville, Placer County**

On 06/20/17 at 0414 hours the California State Warning Center (CSWC) received a report from Union Pacific Rail Road (UPRR) advising that an empty single rail car (Non Hazardous Plaque) had derailed upright in the Roseville Railyard. Previous load was steel rods. There will be no delays.

- There was no hazardous release and no injuries.
- Crews will respond in the morning to conduct re-railment operations.
- CSWC personnel performed notifications per SOP.

# **SITUATION SUMMARY**

## **2017 Statewide Winter Storms**

### **Cal OES Coastal Region**

#### **Paul's Slide, State Route 1, Monterey County**

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

#### **Mud Creek Slide, State Route 1, Monterey County**

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

#### **Pfeiffer Bridge Incident, Monterey County**

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.

#### **River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:**

- Solano County: Sacramento River at Rio Vista

# **SITUATION SUMMARY**

## **2017 Statewide Winter Storms**

### **Cal OES Inland Region**

#### **River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:**

- Placer County: Truckee River at Truckee
- Alpine County: East Fork Carson River at Markleeville, West Fork Carson at Woodfords

#### **River Forecast - The following river is forecast to meet or exceed Flood Stage:**

- Mariposa County: Merced River at Yosemite Pohono Bridge is forecast to exceed flood stage at **10.6 feet the morning of 06/21/2017**.
  - Potential Impacts: Western portion of North Pines Campground, located at the east end of Yosemite Valley between the confluence of the Merced River and Tenaya Creek, begins to flood. Water rises to the base of the swinging bridge downstream from Chapel Meadow.

**Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>**

### **Cal OES Southern Region**

#### **River Forecast - The following river is forecast to meet or exceed Flood Stage:**

- Mono County: West Walker River at Highway 395 below Little Walker is forecast to exceed flood stage at 6.0 feet and up to 7.0 feet through 06/24/17.
  - At 6.0 feet, some minor flooding of lowlands, pastures and rural roads.
  - At 6.6 feet, minor to moderate flooding of lowlands, pastures and some rural roads along river from Walker to Topaz Lake.
  - At 7.0 feet, significant flooding of lowlands, agricultural land, yards, basements, rural roads. Flooding of structures limited in Antelope Valley, although sandbagging necessary.

**Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>**

#### **Lake, Vegetation Fire, Los Angeles County**

Location: North side of Castaic Lake

Jurisdiction: State DPA, SRA/FRA, Contract County

Start Time: 06/17/17 at 1355 hours

Per CAL FIRE and the Cal OES Fire Duty Officer as of 06/19/17 at 1715 hours:

- 800 acres, 78% contained
- 2 minor structures damaged
- Threats to Castaic Watershed should be minimal
- Minimal to no growth expected
- Cal Fire, Local Government and Federal resources assigned

#### **Highway, Vegetation Fire, Kern County**

Location: HWY 178, west of Lake Isabella

Jurisdiction: Federal DPA, FRA, Sequoia National Forest

Per CAL FIRE, Cal OES Fire Duty Officer and ICS 209 as of 06/19/17 at 1800 hours:

- 500 acres, 0% contained.
- High potential for movement and spread.
- CAL FIRE and Local Government resources assigned.

# WEATHER OF CONCERN

## Weather of Concern

- Strong high pressure will bring near record temperatures to the portions of California through the weekend.
- Isolated afternoon thunderstorms will possible over portions of Central California mountainous areas into mid-week.

## **Active Weather Warnings, Watches and Advisories by County:**

- [http://www.wrh.noaa.gov/sto/brief/wwa\\_bc\\_cal.php](http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php) - Temporarily unavailable.

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

\*\*\*Very Hot and Dry Through Saturday with North Winds Returning Wednesday-Thursday\*\*\*

\*\*\*Isolated Lightning Over Higher Terrain Today\*\*\*

High pressure will be over the region through Saturday, continuing the very hot and dry weather. Isolated thunderstorms are expected over the higher terrain today, with a few strikes possible at lower elevations. The great majority of lightning will be above 3500 ft elevation where fuels are moist and the ground is either wet or still snow-covered. Winds will also be fairly light today, except where thunderstorm outflow occurs. Temperatures will be around 20 degrees above normal. Minimum humidity will be 10-20% and poor overnight relative humidity (RH) recovery will be common.

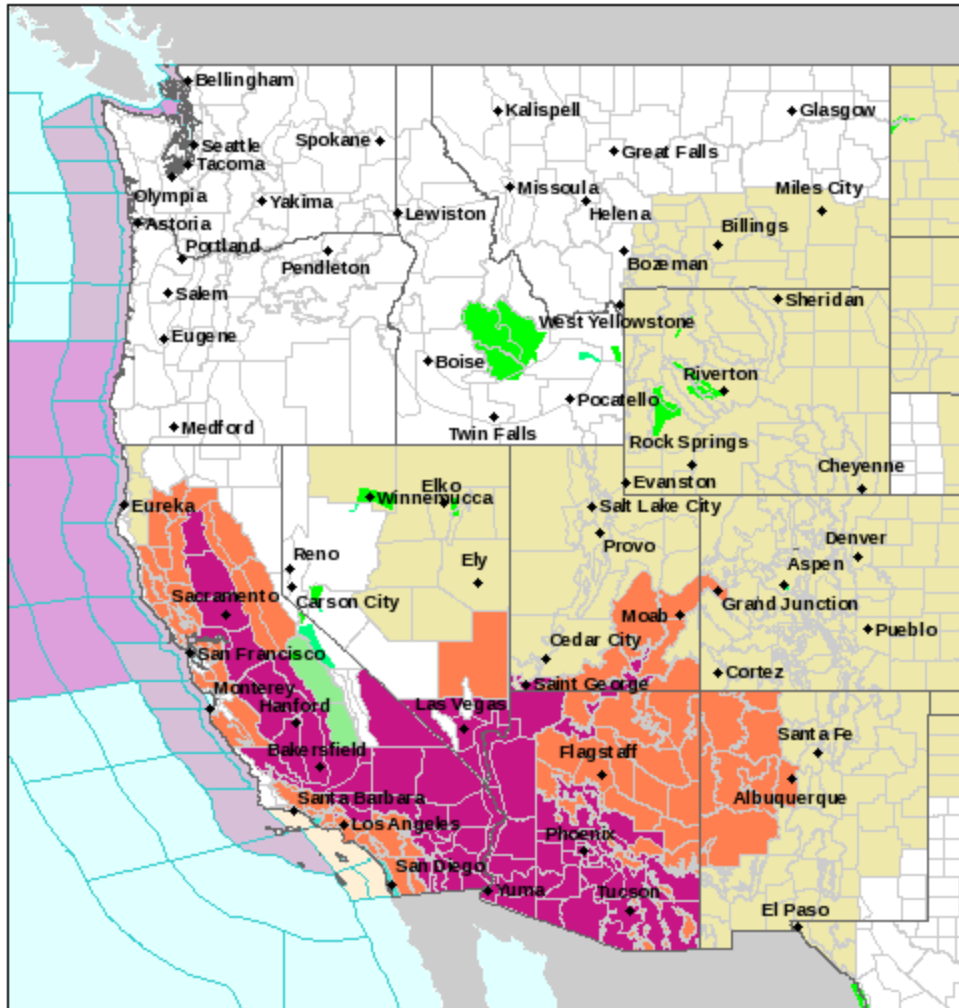

Tomorrow a northerly surface wind pattern will develop. By the evening Northwest-Northwest winds of 10-20 mph with gusts of 25-35 mph and locally higher can be expected from the lower western Sierra slopes to the coastal mountains. These winds will diminish midday Thursday, but still continue at lighter speeds in many areas until the evening. Temperatures will remain about 20 degrees above normal and minimum RH will be 5-15% in inland areas. Poor overnight RH recovery will continue. Thunderstorm chances will continue in the Sierra south of highway 50. Friday and Saturday will remain hot and dry with light winds. Computer models are showing the high pressure ridge breaking down on Sunday, with a chance that an incoming low pressure trough sets off more thunderstorms.

## **SOUTHERN CALIFORNIA**

\*\*\*Hot and very dry through this weekend\*\*\*

Record or near record heat will occur away from the coastal areas through tomorrow as a strong ridge of high pressure sits over the Desert Southwest. Maximum temperatures will be 15 to 20 degrees above normal away from the coastal areas, with upper 80s and 90s across the mountains and 100 to 112 in the valleys. The ridge will weaken slightly causing temperatures to cool to 10 to 15 degrees above normal Thursday through this weekend. Minimum humidity will drop into the single digits and teens away from the coastal areas across both Central and Southern California today and through this weekend. Isolated afternoon showers and thunderstorms will be possible across the Sierra Crest through this weekend, except on today when the ridge of high pressure will be at its strongest.

# Cal OES LAW ENFORCEMENT MISSIONS

## Ongoing Cal OES Missions

- **2017-LAW-36305, 06/08/17, 2305 hours**, The El Dorado County Sheriff's Office (EDSO) and the US Coast Guard (USCG) Station Lake Tahoe are working a joint search and rescue (SAR) for a missing Vietnamese male in his 40's who disappeared while kayaking earlier Thursday. The USCG, who is handling the air support side, made a request for an HH-60 out of NAS through the Air Force Rescue Coordination Center (AFRCC), which was approved. The Fallon airship will supplement a fixed wing out of USCG Sacramento and a local CHP helo. EDSO continues searching with ground and marine teams. **Update: 06/9/17, 1500 hours**, EDSO advised weather conditions have deteriorated; air and marine assets have been recalled due to unsafe search conditions. Mission suspended until weather conditions improve. **Update: 06/11/17, 0600 hours**, Per USCG Station Lake Tahoe, both air and water searching are suspended again today due to high winds. El Dorado SO SAR will be utilizing K9s to search on land today beginning at 0900 hours. **Update: 06/11/17, 1330 hours**, EDSO is requesting the Alameda County Sheriff's Office (ASO) Unmanned Aerial Vehicle (UAV) to assist on Tuesday, 6/13/17. ASO accepted the request and will send 3 teams. They will meet at 0700 hrs. at the EDSO South Lake Tahoe Station for a briefing. This will be a single day operation. **Update: 06/13/17 2001 hours**, Per EDSO, the ASO UAV Team completed their assignment and have returned to their home station. EDSO has requested Placer County Sheriff's Office's Dive Team and Remote Operated Vehicle (ROV) for an Operational Period on Wednesday, 06/14/17. Placer County Sheriff's Office has accepted the mission. The search will begin at 06/14/17, 0900 hours at Lester Beach. **Update: 06/14/17, 1930 hours**, EDSO advised Placer County Sheriff's Office Dive Team completed their mission today however the missing kayaker is still outstanding. EDSO requested the mission be kept open as they consider another request for marine resources this weekend. **Update: 06/16/17, 0845 hours**, EDSO is requesting additional resources. **Update: 06/16/17 1933 hours**, EDSO advised ASO SAR is coordinating a response with their towed fish sonar and ROV for early next week, TBD. **Mission Ongoing.**

# **Cal OES MISSION TASKING**

## **Cal OES Missions**

- **2017-SOC-34379:** Technical specialist for spillway floor inspections at Oroville Dam, Butte OA – Demobilizing
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.
- **2017-SOC-36209:** Two Public Assistance Coordinators from the state of New Jersey have been assigned to California through the Emergency Management Assistance Compact (EMAC) system.
- **2017-SOC-36293:** One Public Assistance Coordinator from the state of Colorado has been assigned to California through the EMAC system.

## **Presidential Declaration Storms – FEMA-4301-DR-CA & FEMA-4305-DR-CA**

- Preliminary Damage Assessments are complete for counties named under Presidential Declaration FEMA-4301-DR-CA and FEMA-4305-DR-CA: Alameda, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Trinity, Tuolumne, Yolo, Yuba

## **Presidential Major Disaster Declaration - FEMA-4308-DR-CA**

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities: Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, Del Norte, El Dorado, Glenn, Humboldt, Kings, Lake, Lassen, Marin, Mariposa, Merced, Modoc, Monterey, Napa, Nevada, Plumas, Sacramento, San Benito, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba Counties.
